## Granberg Alaskan Mark III Mill

- This advanced lumber mill was designed for versatile heavy-duty use.
- Available in three sizes (24", 30", 36") the Alaskan MKIII readily converts logs into beautiful slabs of perfectly dimensioned lumber in thicknesses from ¾" to 12".
- Frame design assures precision milling and easy installation.
- No bar drilling is necessary.
- The MKIII clamps on the chain saw bar and will adjust to accommodate different bar sizes.
- Adjusts for board thickness and width are made in seconds.
- Recommended for use on saws 80cc and over.

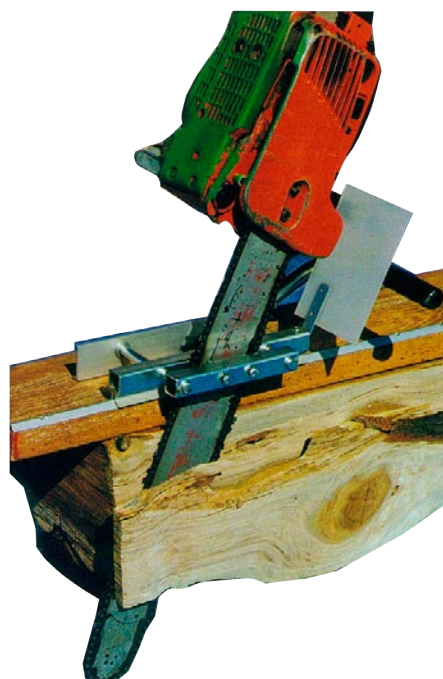

SKU		MSRP
531 30 65-22	G776-24 Alaskan MKIII w/ 24" rails.	\$ 299.99

## Granberg mini mill

- This compact attachment combined with a chain saw converts the two tools into a single precision lumber-making mill.
- With the Mini-Mill anyone can make smooth ready to use dimensioned lumber from logs.
- Lumber can be milled in any desired thickness, 1 x 6", 2 x 4" etc.
- Comes complete with 12 feet of metal V-shaped guide rail.

SKU		MSRP
531 30 47-78	G555-B Mini-Mill w/ 12' guide rail	\$ 149.99
531 30 47-79	G590-2 2' V-shaped guide rail	\$ 8.99

## Alaskan small log mill attachment

- G777 Perfect for the homeowner, woodworker or carpenter.
- This mill is compact, lightweight and easy to use and bolts to your saw bar with no drilling.
- Add your chain saw and start making lumber!
- Maximum 24" bar length

SKU	MSRP
531 30 47-88 Mini Mill	\$ 239.99

## Log Wizard debarking tool

- This chain saw attachment turns your chain saw into an amazing tool to debark logs in less time than you ever thought possible.
- Perfect for log home builders, portable sawmill operators, farmers, ranchers and more.
- Simple construction allows for easy mounting.
- Uses standard 3 1/4 in. planer blades.

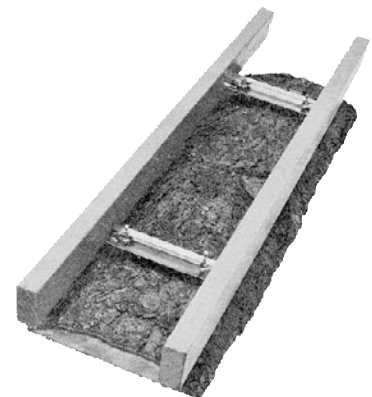

SKU	MSRP
531 30 84-41 Log Master 1 1/4" Blade	\$ 871.29
531 30 84-44 Sprocket 3/8 - 7 (450060)	\$ 17.99

### NEW TechLite™ Guide Bars

The new TechLite™ guide bars use lightweight aerospace technology to ensure better balance and make a chainsaw exceptionally easier-to-handle. The weight of a guide bar is of paramount importance for daily chainsaw users, which is why the TechLite™ bar is engineered to be 25 per cent lighter than regular guide bars, while maintaining superb rigidity.

The result - TechLite™ is a true state-of-the-art innovation from Husqvarna, significantly reducing strain on the operator's body and enhancing ergonomic efficiency.

## Peaveys

- 2-3/8" diameter steel socket
- Duck bill design - hooks made of carbon steel 7/16" x 1" x 12" will grab even the largest timbers
- Well designed to prevent 'back slap' of hook from hitting hand
- Gripping lug - ideal for gripping and rolling large logs
- Forged steel pick made from 15/16" high carbon steel bar

SKU	MSRP
531 30 52-08 4' Peavey Cpl. (150124)	\$ 109.99

## Cutting trolley

- New, compact cutting cart for the Husqvarna K750 and K960. Quick mounting, central height adjustment and lateral adjustment make the cart easy to use and simplifies cutting in straight or curved lines. The handles easily adjusted and rear wheels adjust laterally, so you can find the ideal working posture. Easy to mount. Depth control accessible from working position.
- The quick mounts make it easy to install the cutters on the trolley.
- Efficient control of cutting depth facilitates adjustment and return to previous setting.
- Simple lateral adjustment enables cutting in straight or curved lines.
- Wheels are laterally adjustable, and allow cutting close to walls and kerbs.
- Easy to fold up and transport.

SKU	MSRP
965 19 16-01 KV750 Trolley, w/Water Tank	\$ 799.99
965 19 16-03 KV960 Trolley, w/Water Tank	\$ 921.43

## Air filter oil

- For use on all Husqvarna power cutters with oiled foam filters

SKU	MSRP
531 00 92-48 Air Filter Oil 1L.	\$ 30.99

# Power cutter accessories

## Cutting trolley KV03

- Husqvarna's cutting trolley makes light work of heavy tasks. The cutting trolley can be adapted to suit a variety of jobs thanks to a wide range of adjustments. Ideal for both wet and dry cutting. Suitable for use with 371K, 375K, 3120K , K960 and K1250
- Low vibration levels
- Simple lever-type throttle control
- Water tank design gives a clear view during cutting, for maximum control
- Large filler hole in water tank makes refilling easy
- Tank Kit (optional accessory)
- Assembly kit (optional accessory)

SKU		MSRP
506 29 54-04	KV-03 III - Two wheels cart with depth gauge	\$ 489.99

## T35 Professional tap advance – 300 series trimmers

Exclusively designed by Husqvarna, the T35 Professional Tap Advance trimmer head features an easy to reload spool that comes off with the cap, eliminating the need to turn the trimmer upside down to reload the line. The spool has a split design which reduces tangling and line welding, and has arrows to show the correct directional winding of the line to eliminate guesswork. The spool has two key slots to lock the trimmer line in and keep it from unwrapping while putting the cap back on the trimmer head. The T35 holds .065", .080", .095", or .105" trimmer line and has a capacity of 28 feet of .095" gauge line, one of the best in the industry and comes pre-wound with .095" TitaniumForce™ trimmer line.

SKU	MSRP
<b>537 38 81-01</b> 10mm – Universal T35 Tap Trimmer Advance Head - Contains arbor kit to fit Redmax, Shindaiwa, Stihl and Poulan models also. Clamshell Package. <b>(6 for 1 Masterpack)</b>	<b>\$ 36.33</b>

## F35 Fixed line trimmer head

- A trimmer head that is easy to use and has a quick and easy cord feeding and needs minimal maintenance. The cord is loaded without opening the head and any trimmer cord from Husqvarna's range can be used. Most efficient, in respect of cutting result and reloading, is to use our pre-cut F Line that is specially developed for this trimmer head. The head is universal and fits most other brands and can be used on a wide range of machines and a wide range of vegetation.

SKU		MSRP
<b>504 04 48-01</b>	Trimmer Head F35 2 line fixed	<b>\$ 49.99</b>
<b>504 04 49-01</b>	Trimmer Head F35 4 line fixed	<b>\$ 59.99</b>
<b>504 04 50-01</b>	F Line 10" by .140" 25 pcs	<b>\$ 9.99</b>
<b>504 04 51-01</b>	F Line 10" by .140" 205 pcs	<b>\$ 39.99</b>

## S35 Manual line head

- Dual line head for straight shaft trimmers. .080", .095", and .105". Commercial use.
- For 20-35 cc engine trimmers. Can be loaded 2 ways (both without any tools needed):
  - 1) By taking it apart (very similar to the T35 head) and reloading the spool.
  - 2) From the outside - you can reload it by having two fixed length lines and winding these into the spool.

# Trimmer & brushcutter accessories

## Shoulder Harness

- Fits all Trimmers

SKU	MSRP
537 21 62-02    Harness	\$ 29.99

## Husqvarna Standard Harness

- Designed for lighter brushcutters.
- Adjustable, padded shoulder straps.
- Simple and effective quick release on chest.
- Firm hip support.

SKU	MSRP
537 21 63-02    Harness	\$ 42.99

## Duo-Balance RX Harness

- Designed for larger clearing saws.
- Shoulder strap is adjustable and has extra padding.
- Quick release on breast plate.

SKU	MSRP
537 27 57-03    Harness	\$ 84.99

## R Harness

- R Harness is the same design as the RX, but the breast plate is secured with a pin.

SKU	MSRP
537 27 57-01    Duo-Bal Harness	\$ 91.99

# Trimmer & brushcutter accessories

## Trio-Balance Harness

- Optimal weight distribution. The weight is distributed and balanced efficiently between the shoulders, hips, chest and back. The wide padded shoulder straps also spread the load over large areas which reduces the load on the shoulders. A shock-absorbing hip pad with a traveling connection means that the machine can be maneuvered with fewer body movements. The hip pad also has a safety release within easy reach, so that the cutter can be detached with a simple action.

SKU	MSRP
504 04 52-01 Harness Trio Balance	\$ 139.99

## Balance XT harness

- The Balance XT Harness has a body shaped back plate that is adjustable in three positions. Pivoting shoulder straps follows the movements of the shoulders and gives an improved weight distribution. Wide, padded, and body-hugging straps make the harness comfortable to wear and reduce stress on the upper body and shoulders. The straps have reflex material to make work safer in dim conditions. Easy adjustment in the front can be used in two different positions which reduce the pressure on the chest and the lungs, also making the harness much more comfortable for women to wear. A wide and padded hip belt helps to reduce strain on the hips. On the hip belt, easy to reach, a pocket is placed to hold a mobile or other tool. Shock absorbing hip pad with a traveling connection for grass- or forest position. An easy and effective quick release on the hip pad makes the work safer. The floating pad system reduces strain on the back and requires less energy when working.

SKU	MSRP
505 20 42-01 Harness Balance XT	\$ 159.99

## Balance Flex harness

- To be used with all kinds of pole products. The product is attached to the harness by open hooks, making it easy to use and quick to start/stop. The Balance Flex Harness evens the load distribution over both shoulders due to the padded shoulder straps, which is a support when using the product in different angles and heights. A lifting force is used to help hold and lift the product. The harness gives good support when using pole products for different kinds of work, high or low, far away or close, which results in better ergonomics

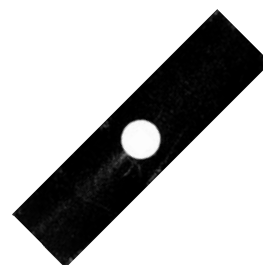

SKU	MSRP
505 20 43-01 Harness Balance Flex	\$ 149.99

## Edger blades

- New Marbain™ technology for increased strength and durability.

SKU	MSRP
531 03 04-35 Fits the 123LD, 225E, 322E, 325Ex, 326Ex, and 326LDx. Fits other OEM's.	\$ 2.79

## Baggers - stamped decks

**Soft Bin Baggers! 3 bin (9 bushel) baggers.** Can be used with or without lawn bags. Full bag indicator lets you know when the bag is full. The top is designed for improved air flow, which results in fuller bags. Easy-glide bin with built-in handles makes clipping disposal easier. Collar handle and straps on the bottom of the bag both allow for easy dumping. They also take up less space in your garage when storing your bagger.

- **Example 1:** H342SG (H 3 42 S G). H = Husqvarna, 3 = triple bagger, 42 = 42" decks, S = Soft bins, G = GT style frame (or with "sloped" drawbar)
- **Example 2:** H348SL (H 3 48 S L). H = Husqvarna, 3 = triple bagger, 48 = 48" decks, S = Soft bins, L = LT style frame (or with "vertical" drawbar)
- **Example 3:** H354SLG (H 3 54 S LG). H = Husqvarna, 3 = triple bagger, 54 = 54" decks, S = Soft bins, LG = LT & GT style frame ("vertical" & "sloped" drawbar)

## Double baggers - for consumer tractors

**NEW "Soft Bin" Baggers! 2 bin (6 bushel) baggers.** Can be used with or without lawn bags. Full bag indicator lets you know when the bag is full. The top is designed for improved air flow, which results in fuller bags. Easy-glide bin with built-in handles makes clipping disposal easier. Collar handle and straps on the bottom of the bag both allow for easy dumping. They also take up less space in your garage when storing your bagger.

- **Example 1:** H238SL (H 2 38 S L). H = Husqvarna, 2 = double bagger, 38 = 38" decks, S = Soft bins, L = LT style frame (or with "straight" drawbar).

# Tractor and rider accessories

## High speed lawn sweeper

Lawn Sweepers groom your yard by removing damp grass, leaves, twigs and needles without clogging problems. Lawn sweepers can be emptied without leaving the tractor seat and the collector bag folds without tools for easy storage. The hitch design allows for maximum traction by balancing the weight towards the wheels.

- 42" Premium Lawn Sweeper Notched height adjustment changeable from tractor seat.
- 14 gauge welded housing, 17 cu. ft. hopper capacity, (6) 12" diameter brushes.
- 5 to 1 brush revolutions to wheel ratio.
- Large aluminum wheels with bar type tread.
- Yellow dichromate hardware resists rust.
- Hitch pin included.
- Orange.

SKU	MSRP
695 20 00-20 Sweeper	\$ 499.99

## Push spreaders

When you need to start, re-start or weed and feed your lawn, spread everything from fertilizer to seed with Husqvarna spreaders. Solid construction and reliable design ensure even and continuous flow and spread of materials.

- Husqvarna branded, Orange Broadcast Spreader with 8' to 10' spread pattern, easy flow control adjustment and enclosed gear box.
- 10" x 4" pneumatic tires.
- Yellow dichromate hardware resists rust.
- 12,000 Sq. Ft. Coverage Area.

SKU	MSRP
966 04 35-01 70PP Stainless Steel Push Spreader	\$ 419.99
966 04 35-02 70LP Electrostatic Epoxy Push Spreader	\$ 229.99
531 30 83-27 BS85P 85 lb Push Spreader	\$ 129.99

## Tow behind spreaders

When you need to start, re-start or weed and feed your lawn, spread everything from fertilizer to seed with Husqvarna spreaders. Solid construction and reliable design ensure even and continuous flow and spread of materials.

- Tow-behind Broadcast Spreader with 8' to 10' spread pattern, easy flow control adjustment and enclosed gear box.
- 10" x 4" pneumatic tires.
- Yellow dichromate hardware resists rust.
- Hitch pin included.
- 12,000 Sq. Ft. Coverage Area.

SKU	MSRP
531 30 83-26 38 kg Spreader	\$ 115.99
966 47 43-01 79 kg Spreader	\$ 299.99

## Dethatcher

Dethatchers lift and remove dead matted roots, grass clippings, and decaying leaves that have accumulated on the soil surface. This automatic raking action when towed behind a tractor allows for water, air and nutrients to reach the grass' roots.

- 40" Front Mount Dethatcher -10 double spring tines (20 teeth), Handle with lockout lift position for transport, 7" x 1.75" front wheel, One time bracket installation on tractor, then dethatcher removes or installs without tools.
- Must remove bumper (if on tractor) to install.
- Use in conjunction with a bagger or sweeper to pick up thatch.
- Fits 2008 and previous year model Husqvarna tractors.

SKU	MSRP
531 30 83-24 Dethatcher	\$ 215.99

## Aerator

Aerators punch holes in the ground to alleviate soil compaction and allow air, water, and nutrients to reach the grass roots. This is a natural way to fertilize and promote a healthy lush lawn.

- Aerate a 45" swath.
- Heavy duty all steel construction with tow bar reinforcement.
- Four easily replaced "heat treated" knives per spool with one grease fittings on each spool.
- Aerate 2 acres per hour @ 5mph.
- Heavy duty rubber transport wheels.
- 200 lb weight capacity tray designed for a perfect fit of 6 cinder blocks.
- Unique easy to lift handle disengages for smaller storage.
- Yellow dichromate hardware resists rust.
- Hitch pin included.

SKU	MSRP
505 56 88-03 Core Aerator	\$ 479.00

## Cultivator

Disc Cultivator - Ideal for breaking up dirt clods and tilling soil for seedbed preparation and fertilizer incorporation.

- (8) 11" disks with angle adjustment from 10 deg – 20 deg.
- Working width adjustable from 30" to 38".
- Weight can be added to the tray.
- Sleeve hitch not included.
- Fits all 2008 garden tractors.

SKU	MSRP
505 56 88-06 Disc Cultivator	\$ 349.99

# Tractor and rider accessories

## Box scraper

- Level, move or grade dirt, gravel or snow with this heavy-duty 42" blade. 3/16 in. steel blade that angles 30 degrees in either direction. Includes (4) 1/2" x 1-1/2" steel scarifier teeth and (2) side plates that can be removed for use as a blade only.
- Sleeve hitch required.
- Fits garden tractors.

SKU	MSRP
505 56 88-08 Box Scraper	\$ 224.99

## Sleeve hitch for garden tractors

- For Garden Tractors only!
- For mounting accessories on the front or rear of tractors.
- Accepts ground engaging attachments like a plow, cultivator or disc box scraper.
- There is a one-time mounting bracket installation.
- The large handle requires minimal lift effort to raise/lower attachments..

SKU	MSRP
531 30 70-05 Fits:All Garden Tractors with 23" rear tires or larger.	\$ 233.53
531 30 81-16 Fits:All Garden Tractors with 22" rear tires.	\$ 178.57

## Dozer and snow blade

- 48" Dozer Blade - 48" width by 16" height welded reinforced blade for dozing dirt, rock, sand or snow.
- Heavy duty adjustable and replaceable skid shoes.
- Blade angles left or right up to 30°.
- One time mounting bracket installation.
- Remove blade without tools once brackets installed for transfer to mower deck.
- Yellow dichromate hardware resists rust.
- Wheel weights and tire chains recommended.
- Fits garden tractors.

SKU	MSRP
505 56 88-05 Dozer and snow blade	\$ 474.99

# Tractor and rider accessories

## Front scoop

- 36"W x 14"L x 12"H Front Scoop.
- Easily hauls loose dirt, mulch or rock for those small or large yard jobs.
- Great for spreading sand or moving heavy rocks or bags of potting soil for bedding plants.
- Lift, lower and dump all from the tractor seat with easy to reach ergonomic handles.
- Removal of scoop is easy after 1 time installation of mounting brackets.
- Mower deck does not have to be removed.
- 200 lb. load capacity.
- Bucket raises 5 to 7 inches from ground.
- Can use bottom of bucket for leveling.
- Tire chains and wheel weights recommended for improved performance.
- Fits all 2006 and after model year tractors.

SKU	MSRP
505 56 88-05 Front scoop	\$ 474.99

## Tractor bumper

- The Tractor Bumper Kit protects your tractor from accidental damage.
- A one piece formed bumper that is easy and quick to install.
- Protects a few hundred dollars of potential damage (\$55 retail versus potential of \$200 in damage).
- Fits all Husqvarna (2008 models and before).

SKU	MSRP
531 30 70-07 Tractor bumper	\$ 54.99

## Brush guard

- The LS Brush Guards' Heavy duty automotive styling and welded construction protects your tractor from accidental damage.
- One piece easy and quick to install and allows access to hood.
- Fits all Husqvarna 2006 through current models (Tex models. Molded end caps)

SKU	MSRP
505 56 88-13 LS Brush Guard	\$ 91.50
574 70 34-01 End Cap for Brush Guard	\$ 11.50

532 12 69-65 Orange touch-up spray paint. 12 oz. can. X422	\$ 33.81

# Sprayers and accessories

## Backpack sprayer - internal pump

Blow-molded tank is ergonomically designed for comfort - with adjustable, heavily padded shoulder straps that follow the contours of the body and eliminate stress points. The internal Double-lipped Piston Pump is repairable and offers spraying pressures from 15 to 168 psi. The pumping system is engineered for strength and durability and generates a better seal while pumping. The unique design assists in maintaining a continuous seal, even when attacked by chemicals. The high pressure capability can produce a finer spray pattern that uses chemicals more efficiently. Standard features include: high grade Viton®/Nitril O-rings, seals and gaskets, pistol grip with built-in filter, brass wand and extra long hose. The unit stands up to demanding use and has exceptional durability, lasting for years in the field. Recommended for landscaping, golf course maintenance, forestry, farming, custom applications, pest control, arborists, and users seeking the utmost in comfort and efficiency.

For use with: Herbicides, Pesticides, Insecticides, Fertilizers, Chlorine based, Diesel, Wettable powders, Stains, Sealers, Oil-based chemicals, Solventbased chemicals, Viscous chemicals.

- 15 - 80 PSI working pressure
- 168 PSI maximum pressure
- Internal Double-lipped Piston Pump (repairable)
- 5.3 gallon (20.06 liters) capacity
- Heavy-duty polyethylene tank with UV inhibitors
- Critical seals and O-rings made of Viton® / Nitril formulation
- 20" Brass wand with adjustable brass nozzle and fan nozzles
- 51" Industrial Hose
- Premium quality spray pistol with brass shutoff pin and double O-rings
- 6" Tank mouth with strainer
- Tubular steel pump handle with ball grip
- Lid with carrying handle
- Heavy duty adjustable padded shoulder straps
- Wand Storage Clip
- Built in paddle agitation for wettable powders

SKU	MSRP
576 76 91-01 BP5 Professional Backpack sprayer	\$ 159.99

## Backpack sprayers - external pump

Available with an external Piston Pump only or a sealed Diaphragm Pump both of which are repairable and offer spraying pressures from 15 to 50 psi. Standard features include: high grade Viton®/Nytrel O-rings, seals and gaskets, pistol grip with built-in filter, fiberglass or brass wand, and extra long hoses. The units stand up to demanding use and have exceptional durability, lasting for years in the field. The diaphragm pump has been skillfully engineered so that there is no friction between moving parts, better sealing and longer wear. Recommended for agricultural, landscaping, custom applications, green houses, nurseries.

For use with: Herbicides, Pesticides, Insecticides, Fertilizers, Diesel, Wettable powders optional, Stains, Sealers, Oil-based chemicals, Solvent-based chemicals.

# Sprayers and accessories

## Handheld sprayers - compression pump

Available in a 2 or 4 gallon tank with a repairable Compression Pump. Spraying pressures range from 15 to 120 psi. Standard features include: high grade Viton®/Nitril O-rings, seals and gaskets, pistol grip with built-in filter, brass wand and extra long hoses. 40 full strokes provides enough pressure to spray continuously for 10 minutes. The units stand up to demanding use and have exceptional durability, lasting for years in the field. This versatile sprayer is great for projects ranging from applying fertilizers, herbicides, insecticides, oil-based sealers, diesel, pesticides, and other liquid solutions like chlorine. Sealing and cleaning of decks, fences, shake roofs, aluminum siding, concrete, brick, and stone.

For use with: Herbicides, Pesticides, Insecticides, Fertilizers, Chlorine based, Diesel, Wettable powders, Stains, Sealers, Oil-based chemicals, Solvent-based chemicals, Viscous chemicals.

### HS4 Handheld Sprayer

- 10 - 40 PSI working pressure
- 42 PSI maximum pressure
- Internal 12" Compression Pump (repairable)
- 3.7 gallon (14 liters) capacity
- Heavy-duty polyethylene tank with UV inhibitors
- Critical seals and O-rings made of Viton® / Nitril formulation
- 20" Brass wand with adjustable brass nozzle and fan nozzles
- 47" Industrial Hose
- Premium quality spray pistol with Viton® seals and built in strainer
- 4.5" Funnel tank mouth
- Solid-steel pump rod
- Chlorine (3% MAX) use available with proper cleaning
- 40 full strokes provides enough pressure to spray continuously for 10 minutes
- Shoulder strap
- Wand Storage Clip

531 30 11-01	\$ 63.99

# First aid / fire

Chain saw protective pants and chaps contain material designed to reduce the risk or severity of an injury, and give the operator extra reaction time when contact is made by a moving chain. The cut retardant material is designed to "pull" apart and clog up the sprocket system of the chain saw and slow or stop the chain from rotating depending on the speed of the chain, length and angle of contact and the power of the saw. Protective pants and chaps should never be considered safer than proper and correct chain saw handling safety procedures.

All Husqvarna Canadian protective chaps and pants are classified in accordance with the BNQ/cUL 3000 FPM minimum Test Method for Measurement of Cut Resistance, or they meet the WCB 1-1997 standards which stipulate a 3900 FPM minimum threshold stopping speed.

**Specialty sizing can be ordered for Protective Pants and Bibs, however there will be a \$25.00 fee assessed for special handling. Please allow 6 to 8 weeks for delivery. Special order pants and bibs can not be returned.**

All boots have a 90 day warranty from the date of the customer's original purchase for defects in material and workmanship. Normal wear, tear, or abuse are not covered under warranty. The fit of the boot is not covered under warranty. Boots will not be accepted for return if they show any signs of outside wear. Please have your customer wear the boots inside to make sure they fit.

## Boot Care Instructions

Boots need to be cleaned, conditioned, and water-proofed in order to get maximum wear life. Conditioning and waterproofing boots will keep the leather from cracking and splitting, extending the life of the boot. Follow the manufacturers care instructions to get the maximum wear life.

## Protective Pants and Chaps

All Husqvarna Canadian protective chaps and pants are classified in accordance with the BNQ/cUL 3000 FPM minimum Test Method for Measurement of Cut Resistance, or they meet the WCB 1-1997 standards which stipulate a 3900 FPM minimum threshold stopping speed.

# Oil

## XP professional performance 2 cycle oil

- Our newest and best formulation is the "XP Professional Performance" 2-cycle lubricant.
- It is a synthetic blend designed for tough, professional usage.
- Handles high loads at tough professional usage
- Excellent lubricating properties
- Lowers engine operating temperatures
- Less coating on the piston and in crankcase
- Extends the engine's life, Provides longer service intervals
- Low to medium smoke emission, Includes fuel stabilizer
